

# PLAN

## CREATE A HOME FIRE ESCAPE PLAN

- Draw a map of the home showing all doors and windows.
- Know two ways out of every room and two ways out of your home.
- Teach children to escape on their own, ensuring that they can open windows, remove screens, and unlock doors.
- Include all house members in the plan.
- Identify an outside meeting place, in the front of the home, ensuring that everyone knows where it is.
- Teach household members how to call 9-1-1 making sure they all know the address of the home.

# PRACTICE

## PRACTICE GETTING OUT OF YOUR HOME IN 2-MINUTES OR LESS

- Push the smoke alarm to start the drill. Every time the smoke alarm sounds is a good time to practice the home fire escape.
- Encourage everyone to stop what they are doing, get low, and get out of the home.
- Remind everyone to close doors behind them as they leave.
- Go to the outside meeting place.
- Repeat this process using different ways out.
- In the event of an actual fire, Never go back inside for people, pets, or things.

## I'M READY

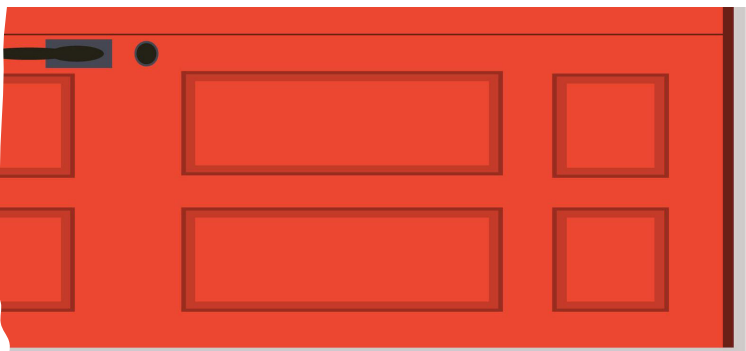

- I know two ways out of my room.
- I know two ways out of my home.
- I keep escape routes clear.
- I know to get out and stay out.
- I escape my home in under **two minutes**.
- We have a family meeting place.

## OUR MEETING PLACE IS:

---

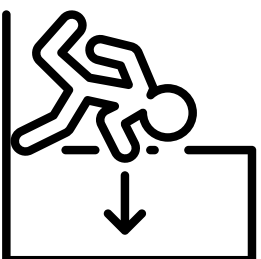

# BE PREPARED

- Install a smoke alarm on every level of the home, outside sleeping areas, and in each bedroom.
- Teach all house members the sound of the alarms.
- Inspect all possible exits and escape routes in the home, ensuring all doors and windows open easily and are free of tripping hazards or other obstacles.
- Make sure street numbers outside the home are visible both day and night.
- Sleeping with the door closed may slow the spread of smoke, heat, and fire.
